FOR IMMEDIATE RELEASE:

**KOORSEN SPONSORS ABC TELEVISION SHOW *EXTREME MAKEOVER:*
HOME EDITION INDIANAPOLIS MAKEOVER**

Koorsen Fire & Security recently announced that it is a sponsor of the ABC television show *Extreme Makeover: Home Edition* Indianapolis makeover.

Koorsen Fire & Security is one of many companies, as well as thousands of volunteers, coming together this week to build a brand new home for a deserving family in Indianapolis.

The Door Knock date is Saturday, March 28, 2009. At that time, Ty Pennington, the host of *Extreme Makeover Home Edition*, will awake the family and the weeklong build will begin. Construction of the new house, which is usually a five-month process, will be completed in just one week. In addition, all of the builder supplies and labor will be donated, highlighting the importance of the sponsors and volunteers.

The week of excitement in Indianapolis starts on March 28, and will continue with the building of the house during the week and culminate with "Move that Bus!" when the new house is revealed on Saturday, April 4. The show will be broadcasted, May 17th on ABC.

Extreme Makeover: Home Edition is on ABC Sundays at 8pm EST. It is the leading show in its time-slot and has won two Emmys for Outstanding Reality Program, among other awards. To see a complete schedule for the build or to volunteer or donate, visit <http://www.estridgeextremedream.com/>.

Family owned Koorsen Fire & Security, was founded in 1946 as a fire extinguisher service company. Since then, services have expanded to include fire extinguishers, alarms, suppression systems, sprinkler services, restaurant systems, security systems, card access and video surveillance in 20 different locations throughout the Midwest.
