

One Stop Shop

We offer restaurants one-stop service. Our fire protection specialist can complete a professional kitchen exhaust cleaning, conduct the fire suppression system inspection, and service the portable fire extinguishers and exit & emergency lighting after hours to avoid business interruption in the kitchen. Service agreements are available to provide a cost-effective program to meet your insurance requirements.

Warranty Protected

As Koorsen Fire & Security is certified by all the manufacturers of today's systems, we can provide the manufacturers warranty for as long as we service your system. And we will extend your manufacturer warranty even if we did not install your system!

Insurance & Liability Coverage

Koorsen Fire & Security carries up to five million dollars of liability insurance coverage, which exceeds most of our customers' requirements. In addition our technicians are bonded for up to \$100,000 to provide additional security for our customers. We have been in business for over 60 years and will be here for many years to come.

Other Advantages

- Koorsen Fire & Security offers UL300 upgrade programs to assist our customers with this requirement. We offer payment programs with 0% interest!
- Koorsen Fire & Security offers 24-hour service 365 days a year so we are there when you need us.
- Koorsen Fire & Security is recognized as one of the top restaurant fire suppression companies in all jurisdictions we service. This means you can be assured our company understands the permit and approval process to get your project completed on-time with no delays.
- Koorsen Fire & Security provides our unique deficiency reporting program to ensure you are aware of any problems with your fire suppression system upon completion of your inspection. We also provide an estimate to repair the system at that time to ensure you know what needs to be done.
